

## Incidents Reported In - County Between 10/1/2018 and 1/24/2019

Jan 24, 2019 01:35

**NOTE:** Incident reports display information about incidents (complaints) that were received by the Department. The different reports within this category allow the user to search for Incidents by Incident ID Number, Communication Center Number, County, Municipality and Date Range. Reports and complaints are made to the DEP through a variety of sources, including regulated facilities and members of the public. Please note that these reports are subject to verification and/or investigation by the DEP or other appropriate agencies. The information contained in this report will be limited to the date of use by each enforcement program. The programs began using the system for this information as follows: Air - 10/1998; Hazardous Waste - 1/2000; Water - 7/2000; Right To Know - 11/2000; Solid Waste - 7/2001; TCPA - 12/2001; Land Use 12/2001; DPCC - 1/2002; Communication Center/Site Remediation Program - 3/2002 and Pesticides - 4/2002. For complete information prior to these dates, please submit an official OPRA request form to the Department.

**Incident ID Number:** 692798

**Communications Center Number:**

18-10-09-0857-45

**Received Date:** 10/09/2018

**Incident Description:** ANONYMOUS CALLER REPORTING OILY STAINS ON THE CONCRETE FROM SUSPECTED SOIL CONTAMINATION.

**Incident Type Program:** Site Remediation

**Incident Type:** Soil Contamination

**Follow-up Status:**

**Program Interest Name:**

**Program Interest ID:**

## Incidents Reported In - County Between 10/1/2018 and 1/24/2019

Jan 24, 2019 01:59

**NOTE:** Incident reports display information about incidents (complaints) that were received by the Department. The different reports within this category allow the user to search for Incidents by Incident ID Number, Communication Center Number, County, Municipality and Date Range. Reports and complaints are made to the DEP through a variety of sources, including regulated facilities and members of the public. Please note that these reports are subject to verification and/or investigation by the DEP or other appropriate agencies. The information contained in this report will be limited to the date of use by each enforcement program. The programs began using the system for this information as follows: Air - 10/1998; Hazardous Waste - 1/2000; Water - 7/2000; Right To Know - 11/2000; Solid Waste - 7/2001; TCPA - 12/2001; Land Use 12/2001; DPCC - 1/2002; Communication Center/Site Remediation Program - 3/2002 and Pesticides - 4/2002. For complete information prior to these dates, please submit an official OPRA request form to the Department.

## Odor complaints in Bordentown area-- PA Landfills?

Hajna, Larry [REDACTED]  
To: "Bagenstose, Kyle" <kbagenstose@couriertimes.com>

Thu, Jan 24, 2019 at 12:49 PM

1. Has the NJDEP fielded increased complaints about a foul odor (particularly landfill) in the Bordentown area in recent weeks? If so how many?

From Jan. 1, 2018 to date the DEP has received 27 odor complaints in Bordentown City and four from Bordentown Township. The number of odor complaints in Bordentown City/Bordentown Township have increased since October of 2018.

2. Does the NJDEP have any indication about the source of the odors? If so, any idea what can be done or is being done about it?

Based on conversations with the Pennsylvania DEP, the source of the odors may be the Fairless Landfill located in Fairless Hills, Pa. This is a new landfill operated by the Waste Management Corp. NJDEP works together with Pennsylvania DEP to investigate odor complaints that cross state lines. Residents can register a complaint as follows: NJDEP's 24 hour/day hotline number, 1-877-WARNDEP Contact the PA DEP directly at (484) 250-5991 or via email at <http://www.dep.pa.gov/About/Reportanincident/Pages/EnvironmentalComplaints.aspx>

Contact Waste Management to register a complaint at (609) 499-0500

3. Is there any way to access odor complaints? IE is there a publicly available database, could you provide the complaint records, or would I have to OPRA?

There is a publicly available database. Go to the DEP home page and click on the Data Miner link (near the bottom of blue column on the left side). Click on "Search by Category." From the dropdown box, click on "Incidents and Complaints." Click on "Incidents by County Municipality and Date, then enter your desired time frame and municipality. (The tool gives you a more seamless report if you uncheck "View Report by Pages. Click "Submit."

4. It looks as though the Falls and Tullytown WM landfills in PA are working to install flares [REDACTED] Does the NJDEP have any concerns about emissions from the landfills carrying over into NJ communities?

The DEP has not received detailed information on the proposal at this time. Flare systems can significantly decrease odors from landfills.

**Burlington County Times- Inquiry on smells in Bordentown/Fieldsboro area (deadline noon Friday)**

Gonnelli, Christine <[\[REDACTED\]](#)>  
To: "Bagenstose, Kyle" <kbagenstose@couriertimes.com>

Fri, Jan 25, 2019 at 11:30 AM

Kyle,

Please see the responses below:

1. Can you confirm the county health department has fielded calls about odors in the Bordentown/Fieldsboro area. If so, can you say how many and when the calls have come in?

Yes, the health department has fielded approx..14 calls since October 2018.

2. Has the county been out to the area at all to investigative the complaints? If so what did it find?

Yes, protocol is that once a complaint is filed, a County inspector will go to the complainant's location and attempt to verify the presence of the air contaminant at that location. The inspector then proceeds upwind of the complainant in an attempt to identify the source of the odor. If a violation was verified, the inspector will issue the appropriate Enforcement Action to the facility. Our indication is that the odors are coming from across the river from a Pennsylvania facility.

3. There is some talk about whether the smells may be coming from landfills across the Delaware in Lower Bucks County. Can the county speak to this possibility, and whether it's been investigated, or if there have been communications with officials on that side of the river?

Same as above, the odor is coming from a facility across the river. At this point, the New Jersey Department of Environmental Protection is handling the communication and talking with the Pennsylvania Department of Environmental Protection regarding the odor.

4. If residents continue to smell foul odors in the future, whom should they direct their concerns to?

The procedure for directing concerns: the most important and first call should be to NJDEP. Then additional calls to the other numbers if possible.

NJDEP complaint line – 1-877-WARNDEP (927-6337) 24/7/365

PA DEP Complaint line - 484-250-5991 (24/7/365)

or submitting it electronically at <https://www.dep.pa.gov/About/ReportanIncident/Pages/EnvironmentalComplaints.aspx>.

Waste Management's Fact Phone line to notify the landfill directly. The 24 hour line can be reached at 609-499-0500.

Burlington County Health Dept – 609-265-5515 – M-F 8-5pm

or submitting it electronically at

<http://www.co.burlington.nj.us/384/Environmental-Consumer-Health>

Let me know if you need anything else, thanks.

**Christine Gonnelli**
